

TOUR #1, June 6th - July 13, 2006

LA, GA, NC, TX, FL, CA, WI, MD, NY, VA

Our first tour will end on July 13th and Tour 2 will commence at the end of July. We are starting earlier this year for 3 reasons. The first is that we would like to finish the southern states before the hurricanes start spreading havoc again this year. The forecast is for a more severe season than 2005 and in mid summer it is just too hot to transport foals in the deep south and the grass is better for early foals as well. Second many breeders have informed us that they are going to the Aachen this year for the Equestrian Games and this would interfere with many of our sites. The 3rd reason is that the USDF requires that horses have their registration numbers and it is imperative that we print our papers and send them out before the close of the season. We DNA every foal and can not complete this process if we fall behind. Any foals not born by our early inspections can be inspected after the hurricane season is over late October or November.

June 6 AM	LOUISIANA Sterling Farm Francie Sterling, Sabrina Gaber
June 11th	GEORGIA Shannondale Farm 2225 Birmingham Road, Alpharetta, GA Julie Shannon / Chris Hutchings phone 770-569-9555, fax 770-569-4898 email: ddshannon@mindspring.com www.shannondale.com
