Origin: Don Diamond descends from the Grand Prix stallion Diamond Hit, who is regarded as one of the very top sires with a dressage index of 162 points. His dam's pedigree includes some of the finest Holstein and Hanoverian bloodlines. Numerous successful advanced dressage horses descend from the grand dam line. Through Ramino and Roman Don Diamond carries a double-doze of the valuable genes of Ramzes AA.

Approved for Oldenburg, Rhineland / Pfalz-Saar, Bavaria, Hessen, Saxony, Thüringen and Baden-Württemberg.

Performance Record: Don Diamond's career began in January 2007 with a big bang: he was crowned Champion Stallion at the Southern German stallion approvals in Munich. Another highlight followed in November '07 when he won the 30-day test in Neustadt/ Dosse with sensational scores: Trot 9,13 / Canter 9,75 / Walk 9,0 / Rideability 9,5 / Temperament 9,38 / Jumping 7,75 / Dressage weighted final score 9,36 / Jumping weighted final score 8,33 / Overall 8,92 Don Diamond proved in an impressive manner what the German Federation's director of training for the equestrian sports, Christoph Hess, already said about him in Munich: "This son of Diamond Hit already stood out at the trot up on hard ground and won over the commission and spectators in all aspects. A youngster of a good stallion type with an excellent trot, very good walk and a canter during which he always steps far under his centre of gravity. During all stages of the approvals he was mentally completely balanced and physically almost 100%. This stallion knows how to present himself in an excellent manner. In my opinion he is the most distinguished stallion I have seen in Munich in the past few years."

Champion Stallion Don Diamond is an extraordinary horse, who will not fail to impress you!
