Owner of Record: Barbara A. Schmidt, DVM and Frederick J. Abblett

EVA Status: Neg: boosted annually

Breeder's Terms: Stud Fee: \$1,800

Live Foal Guarantee (LFG)

Booking Fee: \$300.00 Nonrefundable

Origin: Fabuleux's sire, Fabriano was Champion of his 100-Day Test (133.02), placing 4th in dressage (128.55) and 1st in jumping (132.37). According to the Hannoveraner Jahrbuch Hengst, Fabriano scored 136 on his mare s dressage qualities, 125 on their jumping abilities and 157 on their foundation (leg scores/correctness) making him one of the very few stallions on the Hanoverian Verband s Toplist for siring both outstanding dressage and jumping qualities. Dr. Wilkens, former managing director of the VhW, calls Fabriano one of the best performance horse producers of Hanover s breeding program today. Fabriano passes on to his progeny elasticity, exceptional gaits, jumping ability and rideability, together with a very good character. Fabuleux s dam, SPS Auguste is by Augustinus xx, an important refining sire and top producer of modern type jumping and dressage horses. SPS Auguste is the full sister to licensed stallion Aquamarin, and was an immensely successful broodmare and producer of four state premium mares and two licensed stallions. She represents six generations of SPS mares. Her offspring have in turn produced States Premium mares and successful German Sport Horses. Fabuleux offer proven performance genetics to American breeders through the carefully selected combination of one of Germany's most successful mare families and his exceptional sire Fabriano.

Performance Record: Fabuleux is a Class I Hanoverian Stallion who successfully completed his 100-Day Test in Adelheidsdorf where his exceptional scores included Walk 9, Trot 9, Canter 10, Temperament 9, Rideability 9, Willingness to Work 9. He received the outstanding dressage score of 130.45 points and the overall score of 121.92 (Class I Status). After his licensing in Verden, he was purchased by international dressage stable, Gestüt Hoeffthof, where he competed successfully with rider Holga Finken as a three year old in large German riding horse competitions. He was Champion of the Gottingen Riding Horse Championship with a score of 8.7. At the prestigious Norten-Hardenberg Show he was awarded Reserve Champion Three Year Old.

Breeding/Progeny Record: Breeding/Progeny Record: Fabuleux's first foal crops have been outstanding, producing dozens of Breed Show Champions, Premium Foals and Inspection Site Champions across the U.S. and Canada. They have repeatedly won Get of Sire classes at MSED, NEDA, MODA, KDA and Eden Park DSHB scoring as high as 82%. Fabuleux's first three-year olds are exceeding all expectations as they begin their under saddle careers. They are noted for their outstanding trainability and rideability. See many photos of Fabuleux s successful offspring at www.bridlewoodhanoverians.com. Fabuleux is DNA tested homozygous for black pigment. Foals will be black, bay or brown in the absence of modifying genes.
