Website: hphanoverians.com

Owner of Record: Angela Barilar

EVA Status: Neg

Breeder's Terms: Stud fee \$1,200 + \$400 booking fee. See contract on website.

Origin/Performance Record: High Point Hanoverians is proud to offer this exceptional son of Fürst Heinrich to U.S. breeders. His apparent qualities at this young age are impressive uphill gaits and, of course, his bloodlines. His temperament and rideability are also sure to make a lasting impression. It is rare that you find five of the greatest dressage stallions, Florestan I, Donnerhall, Rubinstein I, Weltmeyer and Argentan, all wrapped up in one stallion. He was provisionally licensed and purchased at the Hanoverian Hengst keuring in Verden, Germany. He recently finished his 100 day stallion testing at Paxton Farms with a very impressive score of 122 points. It was at his testing that we realized that not only do we have a lovely dressage horse but he is a very good jumper or should I say Hunter. We plan on directing him towards the A circuit hunter ring. He had a small but high quality foal crop in 07, with over 50 % winning their respective inspections.

Breeding/Progeny Record: It is rare that you find 4 of the greatest dressage stallions, Florestan I, Donnerhall, Rubinstein and Weltmeyer wrapped up in one stallion. He had a small but high-quality foal crop in 2007, with more than 50 percent winning their respective inspections.
