Owner of Record: Danica Duen

EVA Status: Please contact owner

Breeder's Terms: Please contact for current fees and terms

Origin: His sire, Branduardi M is by Black Boy - Valentino - Caid AA. He was the winner of the licensing himself, as well as of his performance test

(8.85), later became vice Bundes-Champion and the pony with the highest earning in sport of all 4 to 6 year olds at that time in Germany, being successful up to FEI-level dressage and jumping classes level L (about 4'2, against ponies and horses). He was then sold to Denmark where he immediately became a member of the national pony dressage team, showing successfully all over Europe. Branduardi is a full brother to Black Dancer and Golden Felina, who won both the national mare show and the Bundes-Championships (class of the three year old mares and geldings).

Black Delight's dam, SPS Syrah (by Morbidelli - Black Boy - Brilliant), was also the champion mare in Weser-Ems of her year, winning the Elite Mare Show 2001 in Vechta (as have her younger half sisters Hilkens Shakyrah in 2005 and Sophie in 2002). She was successful in sport up to FEI-dressage level, L-level jumper classes (about 4'2) and won the Weser-Ems eventing championships in 2004, when she also qualified for the Bundes-Championships in Eventing (against big horses). Syrah, as well as her dam and all of her first-degree female relatives have state-premium title (as far as old enough). Syrah placed second at her mare's performance test, beaten by her younger sister, Sophie. Also, she placed 4th at the national pony mare show 2005.

Performance Record: Hilken's Black Delight was champion of the Weser-Ems stallion licensing 2005 in Vechta. He also received standing ovations and was the first and so far only pony stallion to be invited to the Oldenburger "Old Stallion's Parade" (Althengstparade). At that show, it was commented that he is "As close to perfection as possible". Black Delight is currently under saddle and already winning in shows. At a recent show in Rastede, he showed in a conformation class (under saddle, "Reitpferde-Eignung") against three and four year old Warmbloods and placed second out of 24 horses!

Breeding/Progeny Record: Hilken's Black Delight's first foals arrived in 2007 in the US and Germany.
