Origin/Performance Record: In supporting the influence of the famous Vorwerk stud, Theodore Renschen perpetuated the valuable Inshallah line with his Oldenburg mare Pamela by the Vorwerk stud Zeus, out of a St. Pr. St. mare by the most famous Vorwerk stallion Furioso II. Renschen's efforts led to the early dawn New Year's day 1985 birth of a colt that Renschen knew instantly was his IDEAL and the name stayed with him.

Performance Record: Ideal received Premium Foal status in Oldenburg Germany and was exported to the United States as a stallion prospect but got lost in a complicated haze of legal issues which involved Interpol and the F.B.I. Although purchased as a stallion prospect with the idea of gelding him, fate intervened when a few European Clinicians and a breeder recognized his valuable lines and knew Inshallah's pedigree was especially rare in North America. It was decided to present Ideal for approval status to determine the young stallions future. After passing his Certification, Ideal went on to Second Reserve Champion status at his 100-Day Stallion Testing under an entirely European jury. Ideal competed through Third Level winning Championships and High Points and consistently earning 7, 8 and 9 s in gaits.
