**Owner of Record:** Nancy Maloney

**EVA Status:** Negative

**Breeder's Terms:** \$1,500.00, booking fee of 300.00 included, fresh cooled and frozen available. Live foal guarantee. Multiple mare discounts.

**Performance Record:** Ironman is that rare stallion that has it all, a great temperament, intelligence, personality, gorgeous conformation, fantastic athletic ability and a world class pedigree. His sire, Inselfuerst, is the second highest scoring stallion ever with a 152.96. Ironman is the only Inselfuerst son in North America. Prior to being imported from Germany as a young horse, Ironman was given one of the highest jumping scores ever given out. As a 4 yr. old, he won the Midwest International Jumper Futurity and went top 4 at the finals. Ironman was not only versatile in the show ring, having shown Amateur jumper classes as well as Open, High Modified and Grand Prix classes, but he was remarkably consistent. In his last full year of showing, he placed in 33 out of 38 classes in the Open, Modified and Grand Prix. Over half of those placings were first or second, an amazing record at that level. Ironman has won a tremendous amount of awards at the state, zone and national levels.

**Breeding/Progeny Record:** Ironman has proven to be an incredibly versatile sire with offspring winning in Hunters, Jumpers, Eventing, Dressage and in the Breeding classes. He has produced many State, Zone, Regional and National Champions. His foals have a 98% Premium rate and Ironman has had several years where EVERY foal has gone Premium. He has had as many as 8 site Champions within a one year span. Ironman has also been one of this country's top Hunter Breeding sires. In 2007, he was ranked #1.
