EVA Status: Negative

Breeder's Terms: Offered to Approved Mares
\$1,500 includes the first shipment;
\$300 nonrefundable booking fee, applies to the fee. Offered cooled shipped or Live Cover with LFG

Origin: Cardi descends from four grandparents who were all imported from Wales and selected for their performance type. Champions in riding, driven dressage, inhand and in producing champion offspring, Cardi's pedigree is exceptional on top and bottom. Cardi's dam, Hastening Mirage, is an extraordinary mare, produced by former Brit, Kate Shields, of Hastening Farm. Kate imported her stallion, Bayford True Patriot, whom she rides, foxhunts, drives and who has excelled in producing kind and big moving horses.

Performance Record: Cardi began his dressage career as a three-year old, finishing his first season by winning the Region 6 Training Level Championship with 72.5%. As he's progressed through the levels, he has garnered championships at every level standing at the top of his class against the biggest imported and domestically-bred horses. In 2009, he won three Musical Freestyle competitions with a best score of 73% and won two I-1 Championships. In Hand, he has been shown in USDF Dressage Sport Horse classes and come out on top as Best Mature Horse, Championship Stallion, with scores to 79.6%. Nationally, he was in the Top 5 for USDF HOY DSH. In 2009, Cardi finished his show season by traveling 3000 miles to the Dressage at Devon Show, where he was Born in the USA High Point Stallion, Overall Res. Champion Stallion, and won GA/USDF East Coast Breeder's Final Series Grand Champion Stallion. Cardi and trainer/co-owner, Jessica Wisdom, cross train on the eventing field—he's quite a jumper, and enjoy trail riding. He is unshod and his feet and legs and talent are a testament to the versatility, the trainability and the intelligence of this Welsh Cob Sport Stallion.

Breeding/Progeny Record: Cardi's foals have been shown in USDF DSH classes, winning championships and scoring to 80%. They have gone to homes of FEI trainers and riders, Judges, Veterinarians, Adult Amateurs and Breeders and are just beginning to appear in under saddle competitions of eventing and dressage. Every foal presented has earned scores in their respective registries in the 7-8.7 range.
