Joy Cook/Lynncrest Farm

EVA Status: Negative

Breeder's Terms: \$1,500.00

Canadian (includes booking fee) LFG

Origin: PHANTAST'S pedigree includes some of the finest dressage and jumping bloodlines. His sire is the Hanoverian stallion, PIK SOLO, who has produced many successful performance horses at all levels of competition. His grandsire is the legendary, PIK KOENIG, who sired 19 approved Hanoverian stallions and over 200 main stud book mares. PIK KOENIG's offspring have won more than 1.5 million DM. PHANTAST'S dam is the Westphalian mare DUSALIN, an outstanding jumper. She produced many premium foals including Prinz David, the sale topper at the 1991 Glenwood Farm Production sale. PHANTAST'S Grandsire, RENALDO, known for his elasticity and good temperament, was one of the most requested stallions at the station at Warendorf in Germany, producing many outstanding sons and German auction horses.

Performance Record: As a four year old, PHANTAST successfully completed his one hundred-day stallion testing where he displayed tremendous dressage and jumping ability, as well as achieving a 9 for character

Breeding/Progeny Record: Phantast is a consistent producer of premium foals, that have his elegance, movement and temperament. He carries some of the finest dressage and jumping bloodlines, such as the famous Pik Koenig. Phantast was only 1 of 11 Oldenburg stallions in North America to produce a premium mare in 2001 and only 1 out of 5 stallions in all of North American to produce a premium mare and premium foal. He was the only stallion in Canada to have produced premium offspring in both categories.
