Cynthia Bergmann - Canterbury Court

EVA Status: Negative

Breeder's Terms: Fee \$1,750 booking \$250 included. Fresh, cooled or frozen available. Discounts for Premium, show, and multiple mares.

Origin/Performance Record: Presidio descends from the great Frustra II mare Fusion. She counts among her descendants the approved stallions Picard, Donatelli, Placido, Dobrock, Wendengott, De la Gardie, Grandus, Picadilly, Marsflug, Isaiah, Daimler, Der Graf, and Lanthanid. Due to an unrecognized fetlock injury at his 100 Day Test, Presidio has not been shown. He received 9's for his jumping from the Hanoverian Commission.

Breeding/Progeny Record: Presidio's foals out of both warmblood and Thoroughbred mares are very typey with improved head and necks, deeply muscled hindquarters and wonderful attitudes. They also show very elastic movement. They tend to have dark colors - black, dark brown or bay, and liver chestnut. His first foal, Prescription, was Champion Stallion at the 2004 Northwest Sporthorse Breeder's Classic. He's been Champion or Reserve Champion Oldenburg at every breed show he has been entered in, over a dozen to date. He was also placed 2nd in the Training Level and 5th at First Level in the USDF 2004 All Breeds Awards and was Pacific Northwest Dressage Champion at First Level. In 2005, Prescription was the GOV Horse of the Year at Second Level. In 2009, he was Third Level Champion for USDF Zone 6, Northwest Dressage, and the Oregon Dressage Society. Patronus C received a 74.4% in his first show, won his level, was overall show Champion and was just awarded high score for the year. Pago Pago C received a 68% in his first show. Presidio's other progeny are successful in dressage and hunters as well as inspection champions.
