

# Rheirattack

**Registration #:** DE 304041256296

**Height:** 17 HH

**Breeder:** Susanne Dutt-Roth

**Birthdate:** 23 Mar 1996

**Color & Markings:** Mahogany Bay

**Standing at:** Rideauwood Farm

353 River Road

RR#3 Merrickville, On

Canada K0G 1N0

**Phone:** 613 269 3837

**Fax:** 613 269 2015

**Email:** rideauwoodsemenimports@sympatico.ca

**Website:** www.rideauwoodfarm.com

**Owner of Record:**

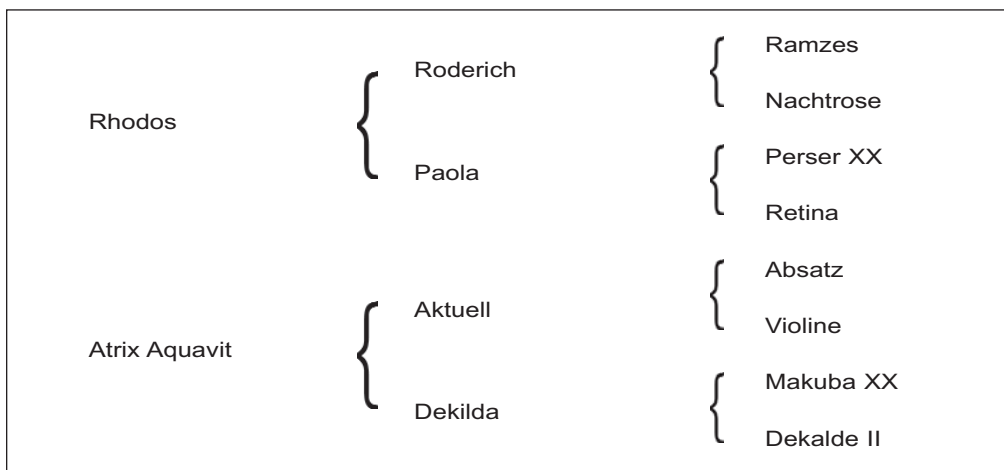

Susanne Dutt-Roth

**EVA Status:** Negative

**Breeder's Terms:** Frozen Semen

Only \$900/Dose

**Origin:** Rheirattack's athletic ability is inherited from a superlative competitive pedigree. His sire, the licensed Westphalian stallion, Rhodos, who was imported from Germany, was also listed for the Canadian National Dressage Team and competed at the Advanced levels until he was 19. His grand sire, Roderich, produced the German high jump record holder who cleared 2.14 metres (7 feet). His great grand sire is the Westphalian foundation stallion, Ramzes, who founded the famous "R" line which has produced such legends as Ramiro, Remus, Rubinstein, Romadour II, and Rembrandt the multiple Olympic and World Cup gold medalist in dressage. His great granddam, Retina, is one of two horses to have ever won the extremely prestigious Hamburg Derby at 6 years of age. His dam, Atrix Aquavit, has produced 7 successful dressage horses including two that competed at Grand Prix. Her grand sire, Absatz, sired 40 approved stallions. Included in the "A" line are such legends as Rheirattack's grandsire, Aktuell, the most influential dressage stallion from Absatz, and jumping stallions such as Argentan, Akzent I and II, Admiral, Argentinus, and World Cup Gold Medal winner, Aramis. Perhaps more influential is the impact of Absatz through the dam lines of numerous world class sport horses including Weltmeyer and De Niro. Rheirattack will continue training and competing at the Grand Prix level in Canada and the United States in 2010.

**Performance Record:** Rheirattack is a Registered Canadian Sport Horse stallion, and recently became the first ever Canadian bred dressage stallion to be approved as a breeding stallion by the Oldenburg Verband. This beautiful, mahogany stallion has completed his first year competing at the Grand Prix level. He was a 3 time Grand Prix Champion in 2007 and finished in 2nd place in the Grand Prix Special at the CNE Classic CDI\*\*\* held in Toronto. He is a member of Dressage Canada's 2006, 2007, and 2008 Dressage National Team. He was recognized as the CSHA's dressage stallion of the year for 2002, 2004, 2005 and 2006. He was a member of the Canadian Grand Prix Quadrille Team at the 2005 and 2006 Challenge of the Americas, and the 2006 Grand Prix Quadrille Team at the Royal Winter Fair. Rheirattack is a well balanced, rhythmic and powerful stallion with a gentle temperament. His compact back and his natural ability to collect and carry weight through his hind legs allows him to excel at the most demanding dressage movements such as canter pirouette, passage, and piaffe.

**Breeding/Progeny Record:** In his first year of breeding (2007), Rheirattack produced an Oldenburg Premium foal out of a Wanderbursh II mare. "In 2008 he produced a Premium Oldenburg foal from a Don Primero mare, and a 3 year old daughter won her mare Inspection and qualified as eligible for Premium Mare status"
