

# Rubino Bellissimo

**Registration #:** 31 0111296

**Height:** 16.1 hands

**Breeder:** Jakob Janssen

**Birthdate:** March, 16, 1996

**Color & Markings:** Chestnut, stripe, hind socks, LF coronet

**Standing at:** 2301 Bryant Street  
Palo Alto, CA 94301

**Phone:** (408) 803-0888

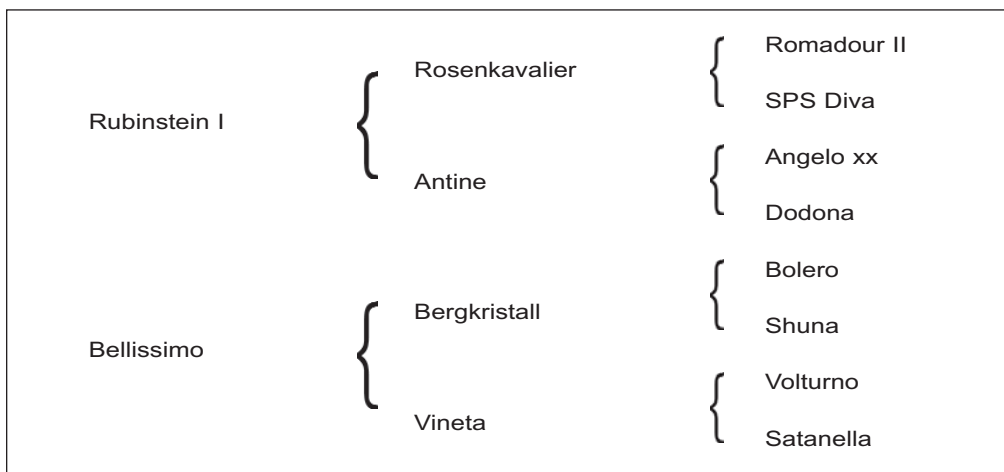

**Fax:** (650) 838-0688

**Website:** www.1derful.com

**Owner of Record:** Violet Jen

**EVA Status:** Negative

**Breeder's Terms:** Stud fee: \$1388 -  
\$1688 Book fee: \$350  
Stallion DVD: Free  
Repeat customer, premium mare and  
group discounts

**Origin/Performance Record:** Rubino Bellissimo is an elegant modern type stallion with strong traits from his prepotent bloodlines. At his licensing in Verden, he was selected in to State Stud First Lot, and later achieved dressage score of 123.1.

With his high ridability and athletic talents, Rubino is not only one of the highly decorated dressage stallions actively breeding in the US, but he has also achieved all the levels at very young age. He was Champion or Reserve Champion through the levels at both California Dressage Society and USDF championships. At age 7, he was the winner of USDF Region 7 and Reserve Champion for CDS Championship at Prix St. George level. At 8, he was 3rd, behind only two Olympians, at National Intermediaire-1 Championships. He then won double champions for both USDF Region 7 and CDS at Intermediaire-1 Freestyle classes. At 10, he was Reserve Champion at USDF Championships at Grand Prix level. He and his trainer have been invited to train with the USET coach Mr. Klaus Balkenhol multiple times from 2005 to 2007.

**Breeding/Progeny Record:** Rubino's very first foal was a champion colt at a large inspection site in Georgia and was described as fulfillment of every breeder's dream. He subsequently produced more premium foals, champions at inspections and breed show winners. His older offspring are now competing in dressage as well as hunter rings with great success at the young age of 3 or 4 years old. We expect to hear more success stories with his offspring that all seem to inherit his modern conformation, great mind and high trainability.
