Owner of Record:

Augustin G. and Christine Walch

EVA Status: Negative

Breeder's Terms: \$ 1,500 - cooled
LFG, \$ 500 frozen per dose;

Origin: According to "Der Hannoveraner" Viva was the stallion with the best jumping technique at the Hannoverian licensing in 1998.

Performance Record: Viva has proven himself in the jumper ring, winning the Ontario Jumper Championship for 4 and 5 year old horses as a 4 Year old. In 2001, he was Reserve Champion both in Ontario and nationally at the Royal Winter Fair.

Breeding/Progeny Record: We consider Viva Voltaire , sire of several Young Horse Champions, our best kept secret.

We find our Viva offspring to be extremely marketable especially as dressage and hunter prospects. Viva typically produces beautiful horses with lots of chrome, outstanding movement, good jumping technique and the most wonderful temperament. During his first years as a breeding stallion Viva Voltaire produced outstanding horses for the dressage and hunter ring.

The stallion, Viva's Salieri, has won several dressage Championships. Highlights include his win of the FEI 5 year old dressage class at "Dressage at Devon" with a dream score of 81.6% and the North American breeders title. In 2009, Viva's Salieri won and placed in FEI dressage classes. Vivaldi and Viva's Primus claimed numerous Hunter Championships in the US. In Ontario, "Otherwise" claimed the Ultimate Hunter Challenge title for the second year in 2009.

Several "Vivas" have won young horse jumper classes both in Canada and the US.

Viva Voltaire offers his outstanding temperament, movement, versatility and athleticism to your breeding program. Both cooled and frozen semen is available throughout the breeding season. Semen can be shipped from Canada into the US without any permits.
