Owner of Record: Carbondale Farms

EVA Status: Negative

Breeder's Terms: Stud Fee: 750.00
Includes 250.00 Booking Fee, LFG,
Fresh, Cooled and Frozen Semen

Origin: Sir Andrew's sire, Pendock Sir Percy, was purchased and shown in the U.K. before being imported in 1981.

Performance Record: Sir Andrew is a typical Section B Welsh Pony with the bold eye, the tiny head, short

back, strong quarters, high set tail, fine hair, the laid back shoulder, the straight foreleg and a short cannon bone.

During a lifetime of award winning performances, Sir Andrew was the American Horse Show Association Grand Champion Welsh Pony and Champion Welsh Hunter in 1997. Make no mistake, this little Welsh Pony has big talent, big personality and a big record of winning performances. Drew is everyone's favorite at the ranch. Today at 18 years of age he is safe enough to pack a four year old around the arena with the care of a gentle grandfather and still energetic enough to jump a three foot course with his owner. Let Sir Andrew put you in the winner's circle.

Breeding/Progeny Record: Among Sir Andrew's outstanding prodigies are:

Epona: AHSA Zone 10 Small/Medium Green Pony Hunter, WPCSA Western National. Champion B Mare, AHSA Zone 10 Welsh Pony Champion, SAHJA Junior Pleasure. Champion, AHSA Zone 10 Child Pony Hunter Champion.

Summer Starieft: AHSA Zone 10 Welsh Hunter, Welsh Medium/Large Pleasure. Champion, Carousel Pony Medal Final Champion, SAHJA Pony Medal Final. Champion, SAHJA Champion Short Stirrup and Pony Hunters, SAHJA Invitational Champion.

Bridget: AHSA Zone 10 Welsh Pleasure (Small) Champion, Welsh Hunters Res. Champion, AHSA Welsh Pleasure (Small) Res. Champion.

Sir Andrew has consistently produced champions through the years. Perhaps even more important is the charming, laid-back, willing temperament that he passes on to his offspring. This is what makes owning a 'Drew Baby' an experience of a life time. An experience not to be missed.
