Website: www.woodridgefarm.com

Owner of Record:
Arrian Associates

EVA Status: Neg/Vaccinated

Breeder's Terms: Please e-mail or call for an information packet, DVD, and contract.

Performance Record: Licensed and chosen from the 1994 Henstkoerung in Germany, Arrian was described as an incredible mover by the "Der Hanoveraner" magazine. In his 100-Day Test he scored 8's and 9's on Character, temperament, and willingness to work. Arrian has competed successfully in breed shows and dressage. He has also competed in the hunter ring under rider/trainer Verena Stock. Arrian is producing outstanding movement and type in his foals, has offspring competing in dressage and hunters, and is listed in the AHS top ten stallions for producing Elite Mares and EMC's.

Breeding/Progeny Record: Arrian received his first public notice in Der Hannoveraner which stated that he captivated his audience with his outstanding trot at his 1994 Koerung in Verden, Germany. The following year, he was Young Horse Champion and winner of the Hanoverian IBC at Port Jervis and in 1997 was Grand Champion at NEDA, where he received an overall score of 92% from judges Hilda Gurney and Marianne Ludwig. In 1996, the inspectors commented: It is hard for us to imagine a better first foal crop for any young stallion. Subsequent foal crops have also included many top foals of inspections sites and breed show successes.

Arrian's offspring are now proving themselves under saddle, particularly his daughters who, by their Mare Performance Test results (together with inspections scores) have put Arrian among the American Hanoverian Society's leading stallions for producing Elite Mares and Elite Mare Candidates. In 2006 Nancy Schulba's EMC Avonda was Champion Hanoverian at Rainbow Equus Meadows, CA inspection and was in the top five of that year's inspections. She was also high scorer in the MPT. Abend Stern was the Champion Hanoverian mare at the Honey Locust Farm, NC inspection. In 2007, EMC Arkadia was high scorer in the MPT at Stoney Meadows, KS inspection and EM Arriana, previously the MPT high score mare at Woodridge Farm, OK became an Elite Mare. Also in 2007, Britta Johnston's 4 year old Archon won the Dressage Suitability class at Devon and the stallion Shakespeare RSF out of Acapella by Arrian was provisionally licensed by the AHS. Please check our website for more information about Arrian and his offspring.
