1996, 16.2 h., Liver Chestnut

FABULEUX

(Fabriano/Augustinus xx/Absatz)
1997, 16.3 h., Black/Brown

"The true measure of a stallion is his offspring."

Fabuleux is well known for producing highly successful breed show and inspection site Champions.

"Wonderful elasticity and balance... very athletic. One of the best foals we have seen on the inspection tour... you couldn't ask for more in a foal."

We are thrilled to see *Fabuleux's* first three year olds exceeding expectations as they begin their under saddle careers.

"She is by far the easiest and most rideable three year old I have ever sat on. She is sensitive, forward and oh so light..."

"Thank you so much for bringing this wonderful stallion to the U.S."

Dacaprio is internationally known as a sire of the highest quality sport horses throughout Germany and Europe. His offspring include Licensed stallions, State Premium and Elite mares, Gold Medal foals, Elite Auction horses, and Champions in dressage, eventing and jumping.

"This is what dressage horses look like. Absolutely rideable."

"I showed DiMaggio (by Dacaprio) for the first time and he was amazing. He acts like he has been doing this his whole life."

"Dacaprio's offspring will no doubt bring much success to breeders and riders in the United States and Canada!"

Exceptional Offspring Available Out of Our Carefully Selected Broodmares.
