Owner of Record:

Stargate Sporthorses

EVA Status: Negative

Breeder's Terms: Please contact owner for more information.

Performance Record: Calimero is a very talented stallion, with a very impressive lineage. His sire, Legaat was the absolute champion of his testing, having received an 8.5 in free

jumping, a 9.5 for jumping under saddle, and an 8 for temperament. Legaat is a keur stallion, with 6 approved sons, and is high on the index of stallions. On his dam's side, the stallion Amor is well known throughout Europe and America as a sire of dressage champions. Impressive movement and champion bloodlines make Calimero an excellent horse. Having the prepotency to pass them on makes him an excellent breeding stallion.

Stats: - Grand Prix Dressage Stallion - Sire of Grand Prix Dressage and Show Jumping Offspring - Both GrandSires foundation stallions of the modern Dutch Show Horse - Great natural scope and athleticism

Sport Results (100 Day Test in Holland):

- W8, T7, C7, RT8, J7, FJ6, CC8, C9, SB8, TR9 = 77

- 1989 Third in the Stallion Dressage Competition, ZZ Level

- In 1995, won 18 of his 20 Prix St. George competitions, and was the USDF/AHSA Region One Prix St. George and Intermediare I Champion, as well as the USET Intermediare I National Champion.

- In 1996, won all but a few of his Grand Prix Competitions, won his Special at Fox Lea in Venice, FL with a 68%, averaged 60-65% in his Olympic Qualifying Competitions, and was Third in the Region 1 Grand Prix Finals.

Breeding/Progeny Record: Calimero's offspring are equally as talented - young Jackson was undefeated at Training Level, was AHSA/USDF Region 1 Champion at First Level, and has competed successfully through Prix St. George. There are also many offspring in Europe competing both in dressage as well as jumping. In 2004 Zancor [by Calimero] represented Denmark at the Athens Olympic Games.
