Owner of Record: Silver Creek Farms

EVA Status: Negative

Breeder's Terms: 2008 Stud Fee - \$1000 LFG (No booking fee & first collection at no charge)

Origin: Silver Lining comes from proven lineage sired by the top producer, Landadel, and out of the four-fold stallion producing dam and elite mare, Fureida II, who descends from the famous Heida line.

Fureida II is of the successful Gotthard / Furioso II cross which also produced Voltaire. She is the dam of the approved stallion, Coulthard, and the mare, Heideglück, who produced the approved stallion, Incello. Silver Lining's older full brother, Laertes, was successfully competed in the international jumping ring. Another full brother, Lagoheidor, was both Champion of the Oldenburger stallion selections in 1994 and won the performance test in Medingen in 1995. He now competes Grand Prix dressage. A third full brother, Landor S, won the Bundeschampionat in 1997 and was chosen to be the Oldenburger Jumping Stallion of the Year. He followed this up with many big wins including Reserve Landeskampion, Reserve Weser-Ems Champion in 1999, and winner of the Volvo Cup 'S' jumping competition in Elmlohe. Landor S is the sire of 6 'Briljant' show mares, many Champion mares and stallions, more than 20 approved sons, and has had many offspring qualify for the Bundeschampionat.

Performance Record: While being shown under the names Silver Lining, Landwerder, and Liszt, Silver Lining competed very successfully in sport and was the Reserve Champion of the International Jumper Futurity finals. Silver Lining began his dressage career in 1995 with Charlotte Bredahl Baker and then, ridden by Katherine Bateson Chandler, he mastered the Grand Prix movements showing to Intermediare I. In 2006, Silver Creek Farms reintroduced Silver Lining to the hunter/jumper ring where he was Reserve Champion of his division. He is happily retired from competition.

Breeding/Progeny Record: Silver Lining is producing incredible offspring with beautiful movement, wonderful temperaments, and correct conformation. He has produced many Premium foals and Site Champions with GOV, ISR/Old NA, and BWP. His offspring are proving to be successful in the hunter/jumper ring as well as in dressage. In addition to their success in sport, Silver Lining's offspring are now producing winners in sport.
