

Liberty

Liberty was imported from Germany following his stallion licensing in Verden by noted FEI competitor, Tina Konyot.

"Liberty is the easiest horse I've ever trained. He learned quicker than any other. You only have to show him something once and he has it. In one week he learned his one tempis..."

~ Tina Konyot

Following his impressive dressage career through Grand Prix, Liberty now stands at Bridlewood Farm. He brings to North American breeders the highly respected Lauries Crusador xx bloodline with the much sought after Gimpel/Don Carlos performance lines.

"We are thrilled to have Liberty standing at Bridlewood Farm to pass on his exceptional qualities, pedigree and talents to his offspring. We know, like Liberty, they are destined for success in the show ring."

~ Barbara Schmidt, DVM
