Amsterdam 2nd Intermediaire I.

Breeding/Progeny Record: In 2005 Lingh became an approved breeding stallion for the KWPN. After 5 days of careful review they described him as an honest and reliable stallion that is easy to work with. The great achievements of this stallion match his absolutely stunning conformation. Lingh is an athletic modern riding type. His head is intelligent. The neck has a good length and form. The shoulder is long and well angled. The withers are well developed. The croup is a good length and well muscled. His legs are straight and correct.

With Lingh remaining heavily in sport, we look forward to a select group of mares accessing this fine stallion in North America each season.
