Performance Record: A Russian Trakehener stallion, Oskar is by the stallion Khokkey and out of the mare Obitel, sired by Blesk. Imported from Russia in 1994, Oskar is currently being shown at Grand Prix level by his owner and rider Hakan Thorn. The great stallion Biotop shown internationally by the late Dr. Reiner Klimke, and later by his daughter Ingrid comes from this excellent Russian trakehener line.

Oskar stood to a limited number of mares in 2000. Oskar is approved by the American Trakehener Association with high scores for type, conformation and gaits including 9 for trot and 8 for style over fences. He is also approved by the German Oldenburg Verband's office in the United States and Canada, The Oldenburg Horse Breeders Society.
