Origin/Performance Record: This exciting young stallion combines the sought after bloodlines of DiamondHit, Silvio I and Traumdeuter. All his parentage has proven itself in the show ring time after time. In Europe these bloodlines mean a guarantee for success in the dressage and jumping arena. Diamunde is no exception, and has shown us in two short months of showing what a champion he is. His achievements in the show ring include the Grand Championship Mature Stallion at the Great American/USDF Southeastern Breeders Series. He won all of his under saddle classes with fabulous scores on his gaits and conformation. At the end of the season his median score was 80% which awarded him the title USDF Materiale Horse of the Year, 1st Place DSHB Materiale 4 & 5 year old Stallion or Gelding, 1st Place DSHB 4 & 5 year old Stallion or Gelding Oldenburg Horse Breeders Society NA Division of GOV, 1st Place DSHB Material 4 & 5 year old Stallion or Gelding Oldenburg Horse Breeders Society NA Division of GOV, and 3rd Place USDF HOY Mature Stallion.

We are very much looking forward to an exciting show career. He is already showing us great aptitude for the upper level dressage movements. Like his father his uphill canter is simply a dream to ride and is earning him outstanding scores!

Breeding/Progeny Record: His first foals have been born in 2006, and have like their sire exceptional talent and a wonderfully calm disposition. His son Dakarai won his in-hand colt class at the Summer Sizzler in Newberry/Florida in August 2006.
