

Fascination

Registration #: 33-01186-82

Height: 16.3

Birthdate: 1982

Color and Markings: Dark bay, four white stockings, white blaze.

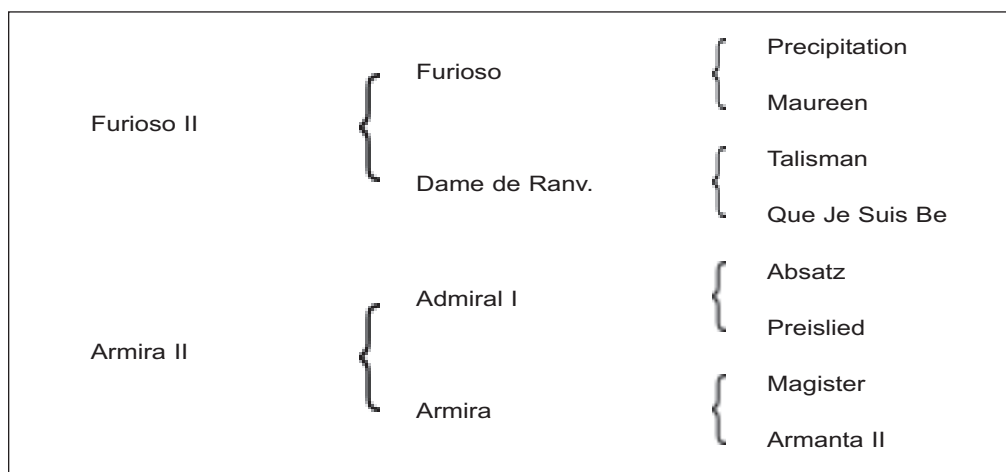

Standing at: Brandywine, Farm
9000 Brandywine Rd.

Hamel, MN 55340

Phone: 612-420-2280

Fax: 612-420-7051

Breeder's Terms: Please contact for current 2006 fees and terms.

Origin: Fascination is by one of the most successful sires to stand in Germany, Furioso II. Furioso II hails from the Marco line, one of the most famous European jumping lines of all time. Furioso II's sire, Furioso, was a leading producer of top jumpers in France. Furioso II was granted the status "Premium" and completed his 100-day test in first place. Fascination's mother line comes from one of the most outstanding sires in Hanoverian breeding, Absatz. This line is known for their elegance and light-footed paces in the dressage ring. Her sire, Admiral, produced an enormous amount of top dressage horses in only two years at stud before his death under tragic circumstances.

Performance Record: Before import, Fascination was granted "Premium" status by the Oldenburg Verband and was reserve champion of the Oldenburg keuring. His full sister Ausnahme captured the title of German champion mare at Aachen in 1986.

Breeding/Progeny Record: Fascination's offspring are proving themselves in the performance arenas, with dressage horses accumulating scores in the 70 percents and successful hunters on the A circuit. His consistent production of premium status progeny has led to many blues in the in-hand divisions of major shows. Daughters by Fascination have been granted premium status by the Oldenburg verband upon reaching breeding age, thus insuring continued success of this top sire. In 1993 alone, he produced 10 premium foals from both Thoroughbred and Warmblood mares.
